In continuation of this Office docket No 498/419 dated 17th ultimo has the honor to forward copy of a Memorandum to accompany the Supplemental District Fund Budget of the Shimoga circle for 1896-97 received with the Executive Engineer's docket No 724 dated 2d Instant.

R Lamel Esqr
Offg Sub Division Officer
in District charge
For Deputy Commissioner

24 Ex. to 8.9

Memorandum to accompany the Supplemental Budget of the Shimoga Local Fund Circle for the year 1896-97.

In Proceedings No 1573-6. & 7232-93 of 30th July 1896, the Government were pleased to sanction the refund of Rs 57415-14-6 being the amount expended on opening out Sagar Road and Roads up to 1893-94 to the Local Funds of the Shimoga Circle. The accompanying Supplemental Budget Estimate of Receipts and Expenditure is now submitted for sanction.

2. Under Receipts credit is afforded for the amount as sanctioned above and under Expenditure provision is made for 8 original works and for one incomplete work of last year. Also for a sum of Rs 2625 required for urgent works under Repairs Communications. The necessity for these works is fully explained below.

3. Item No 1. The Government having in their Proceedings No 4450-52 / 2.764.96 of 30th September 1896 observed that the appropriation required for this incomplete work cannot be granted from the closing balance which is already below the prescribed minimum, the same namely 395 has ✓ now been provided for.

Item No 2. Constructing three Bridges on Anantapur Tirthalli Road. This road connects the three Provincial main lines at Anantapur (Bangalore Honawar road), Ripon pett (Shimoga Hyderghar Ghat Road) and Tirthalli (Shimoga Mangalore Road). All the minor bridges on the line are already constructed. There are 5 streams yet unbridged, of which two are between Anantapur and Riponpett, and the rest between Hunchakatte and Tirthalli. Provision is now made for bridging the three larger streams in 2d, 27th and 31st miles. All these streams

are impassable during wet weather for nearly 3 months. The remaining 2 smaller streams in 4th and 18th miles where floods are only short lived will be taken up in future years as funds are available. By the construction of these bridges Sagar, Hagar and Kumsi and parts of Honnali Taluks will be in uninterrupted communication throughout the year. The construction of these bridges was recommended by the District Board so early as 1890. but the project for them had to be kept in abeyance for want of funds.

Item No 3. Completing the metalling of Sagar Siralkoppa Road. This road — 22½ miles long is the main feeder to the Byadagi Railway Station from the Malnad parts of Sagar, Shikarpur and Sorab, and is much used for the export of Supari and the weekly traffic exchanges on market days. The condition of the road in the rainy season is so very heavy

that metalling the road surface was considered very necessary. Accordingly in 1893 an Estimate for metalling the most urgent parts (7 3/4 miles) was sanctioned for 15041. The improvements to the drainages, the widening and edging with laterite, the part of road lying in the Ulvi Lupari mast and the metalling of the Sagar pitta had also to be urgently attended to. Accordingly the 1st Estimate was supplemented by Rs 2263. The work is now in hand and is expected to be completed this year. Thus with the above estimate and from the annual Repairs grant 14 1/4 miles will have been metalled by the end of 1896-97. Out of the remaining 8 1/4 supplemental funds are urgently required to metal at least 6 7/8 miles leaving 1 3/8 miles to be dealt with in future Annual Repairs provision.

Item No 4. Completing the metalling of Chitaldrug Beckipura Road. This

This Road has risen to great importance after the opening of the Railway line through Kotal Kere. From time to time small allotments were being made for metalling the surface until last year when a special Estimate for metalling 8 3/4 urgent miles was sanctioned for Rupees 11519. This estimate is expected to be completed this year. As the metalling of the remaining parts is also urgently required, provision has been made therefor in this Budget. The length of the road in this Division is 30 miles of which 10 remain to be metalled.

Item No 5. Constructing a road from Agnoor, Sirigere, Hanigere and Indur on Shimoga Mangalore Road. This line opens up the Shanker Forest and valley which are cut off from all communications with the existing system. The

valley is rich and affords facilities for coffee cultivation and the line if opened will also facilitate the carriage of Forest produce. Its construction was recommended by the Dasara Representative & members in 1894-95. Part of the line has already been opened by the Forest Department for carting timber from the Shankar Forest. The length of the line is about 20 miles and a proper road would cost at least 2000/- Rupees per mile, or Rupees 40,000 in all. But this being too large a sum to be spent Rs 10,000 has been allotted by the Board for the present to open up the difficult parts retaining the present track as far as possible.

Item No 6. Improving and metalling parts of Agnoor Honnali Road. Of the 22½ miles of this Road, the first nine miles pass through a country where good gravel is not

obtainable. The traffic on this line is heavy as Agnoor is the market place for traffic exchanges between parts of Dharwar and Belgaum Districts and the Malnad parts of Shimoga. Metalling the petta of Agnoor is already sanctioned in the current year's Budget. Other urgent parts to the length of 4 miles are now provided for.

Item No. 7. Constructing a road between Malur and Malleshi. Malleshi has a large Matt and Temple to which pilgrims resort annually. The line will be about 4 miles and its construction is recommended by the Board.

Item No. 8. Completing the Lakshmipur Marikuri Road. This road branches off the Kallurkatte Kallur Ghat road at Lakshmipur and is in a fair trafficable order up to Sampikatte 4½ miles from the junction. From Sampi-

-katte to the foot of the Kodachadri Hill, a distance of two miles, the brace is not fit for carts. From the foot of the Hill up to the Bungalow on top, a good riding path has been constructed; so that if the two miles above mentioned are opened, the road will, not only serve the 6 villages up to Haviu-kar which have fairly large extent of garden cultivation, but will be a great convenience to the visitors of the Sanitarium Bungalow on the Kodachadri Hill.

Item No 9. Extending the masonry wings of Pataguppa Bridge. This is a bridge of 4 spans of 40 feet each completed during 1895. Rough stone dry splayed buttresses were constructed to support the roadway but, in the heavy Monsoon of this year these failed and with them parts of the roadway at the 4 ends of the wings. It is now

GOVERNMENT OF MYSORE

proposed to extend the masonry wings to sufficient lengths to secure the roadway at the approaches. This work is of a very urgent nature.

4. Under Repairs the original provision of Rupees 1000 for repairs of 3rd class Travellers' Bungalows and Musafirkhanas was found quite inadequate to meet requirements, more so as many of the roads were damaged to a very great extent during the last heavy Monsoon. The provision now made is as per actual requirements. List of works sanctioned and to be sanctioned accompanies the Budget.

5. Establishment. The percentage charged is as usual and is calculated on the provision made for the above works in the Budget.

2. Receipts. The Sum of —
Rs-57,416 entered under this head represents the grant-in-aid Sanctioned in Govt. Pro: No. 1573-6 / 27232-93 dated 30th July 1896, on account of expenditure incurred from the District Funds on Western Malnad roads up to the year 1893-94. The estimate is passed.

3. In lieu of Rs 15,801 now proposed as the approximate balance on the 1st July 1896, the Sum of Rs 4807 shown by the Comptroller as the actual balance on 14th July 1896 will be adopted in the present Budget as the opening balance for the current year

Expenditure.

(4) A. P. W to be executed by D P W
Original works. For metalling and tunnelling the Sagar-Siralkoppa road, a Sum of Rs 3000 is provided in the present budget in addition Rs 4000 Sanctioned in the original budget. With reference to this, it is observed that, if, out of the total estimate of Rs 17318, the probable expenditure up to the end of 1895-96. viz Rs 3294 be deducted, the balance to be spent during 1896-97 would be only Rs 4024. The necessity for a Supplemental grant of Rs 3000 in addition

to

Sanctioned

the abovementioned balance of Rs 15-801 proposed by the Hon'ble

to the original Budget grant of Rs 4000 is not apparent. This requires explanation, pending which the provision will stand.

(5) B. P. W. to be executed by Rs Dept.

The additional grant of Rs 2595, now applied for, is on account of the incomplete works of 1895-96 and repairs of Musafarkhanas and cattle pounds, and is passed with the observation that the amount of estimate for each work & the amount spent thereon should have been given in the statements of details.
